Favorite Place

By: Marcus Age 7

Dad and mom and me are playing the bumper cars

We go to burger lounge and eat a hamburger
It is yummy.
Then we go home and I get to play the Kindle!!!
I play with my stuffed dog and minion.
I play toys, video games, and my mom cooks food
I wish my favorite game place had food.
I want to make the food rainbow colors
And I love yelling.

Waves crash
against rock walls
I swim
I can feel the water all around me
I would be so sad if it disappeared .
I wish I could see
a turtle
one day.

Korea

By: Rose age 7

When I wake up
I hear sounds
like moths humming and birds chirping
After breakfast I would go to grandfather and ask "Can we go to the water park?"
"Of course" replies Grandfather.
On the way I smell cherry blossoms,
and see the blue sky stretched above us.
After we play all day we will have bingsu.
"Yum" I'll say.
After we will drive home and plop on grandmother's fluffy couch.
And after a long day I fall asleep with my reindeer and seal named baby seal and Honey.
I dream of bringing 1G to Korea...
and I sleep still as a log, not moving an inch.
In the paradise of Korea.

New York

By: Niko

I smell hot dogs out my window
I race to the kitchen "Cookies!?!?"
Loud cars zooming past
"ow!" Here is my goodbye book.
"Let's go see Joseph"
I will show Joseph by goodbye book.
I still feel blue.
Do you like New York?

I love my house
I love it so much
My family is always there
We play a lot

we like to play gobble goblet everyday
My dad cooks awesome tacos
They smell so nice
Light colors around the room
We fight sometimes
but that's okay.

That's why I love my house every day.
